CERTAIN THAT FILM COMPANY WILL COME

G. P. Hamilton, president and general manager of the Albuquerque Film company of Los Angeles, announced last evening while in the city on route to New York from the coast on company business, that films would be made here next spring. The company is expected to be in this city the latter part of February or the fore part of March. As soon as it begins to rain on the coast the change of base will be made.

The company is working on scenarios for this section. The trip here may be made in auto, pictures being taken en route.

WAR

(Continued from Page One.)

eral districts of London, the stores opened for only a few hours this morning.

The price of beef steak, which yesterday was 32 cents a pound, today rose to 42 cents. The price of wheat advanced today from \$1 to \$1.25 per quarter (eight bushels), while maize rose from \$2 to \$2.50 per quarter.

The authorities are taking all possible steps to allay public anxiety in regard to food supplies and to prevent unjustifiable attempts to artificially raise prices. The home office today issued an official statement that in addition to the four months' supply of wheat actually in the country, or being harvested, there were large consignments now on the way here much of which was already near British shores.

FRENCH ARE HELPING FOREIGNERS TO LEAVE

London, Aug. 5.—The French government, according to Americans arriving from the area of war, is doing everything it can to get foreigners out of the country.

The ports of the French coast are crowded with Americans and Englishmen waiting an opportunity to cross the channel. Many Americans who have been motoring on the continent have arrived at Boulogne. While they can find rooms for themselves they cannot obtain accommodations on the steamers for their cars. The steamers that leave France with crowds of American and English passengers return with an equal number of Frenchmen and Swiss who are on the way to join their colors.

GERMANS IN LONDON MAKE BOMBS; ARRESTED

London, Aug. 5.—Detectives during a raid on houses occupied by Germans in London in one place discovered a large number of bombs and rifles. Several arrests were made.

FIRING IS HEARD OFF MAINE COAST

Portland, Maine, Aug. 5.—The firing of heavy guns off the Maine coast was heard early today. Eight or ten shots within two minutes were heard shortly before 7 o'clock by the keeper of the Portland observatory. The sound seemed to come from a point 25 or 30 miles south-southeast of Portland and probably in the vicinity of Sequin island.

The shots also were heard at the harbor forts and at points between here and Bath.

Sequin is a small island off the mouth of the Kennebec river, a few miles below Bath. At Popham Beach, which is near Sequin island, the life savers were certain they would have heard the reported firing if there had been a naval engagement off Sequin. In this city the reports continued to come in from all sources that there had been heavy firing. One newspaper office received many inquiries about it.

FOREIGN VESSELS PLY IN AMERICAN WATERS

New York, Aug. 5.—Eight cruisers—three German, three British and two French—are hovering somewhere off this coast. For days incoming steamships have reported news of fragmentary wireless, indicating that these vessels were in American waters but no skipper was able to fix their position.

The firing heard off the coast of Maine today may have marked the first engagement between either the German and English or the German and French ships. The British cruisers known to be in American waters are the Berwick, Essex and Lancaster. The German cruisers are the Dresden, Strassburg and Karlsruhe. The French cruisers are the Conde and Decatur.

These vessels have been primarily concerned of late in attempts to intercept merchant vessels of the enemy and several big liners, notably the Kronprinzessin Cecilie which put into Bar Harbor, Maine, yesterday after abandoning her trip to Europe have had narrow escapes. Captain Polack of the Cecilie believed that at one time she was in imminent danger of capture by one of the French vessels.

The White Star liner Olympic managed to creep safely into New York harbor today as did the North German Lloyd liner Kaiser Wilhelm II. All have been running with muffled lights burning. The Lusitania, of the Cunard line, a British boat, slipped out of the harbor after midnight similarly darkened, hoping to be conveyed by some of the British cruisers as far as Newfoundland and from there by some other British ship until the other side was reached.

The French steamer Venezuela, in port today from Marselles, Naples and Palermo, reported that yesterday she overheard both German and British cruisers talking with the wireless station at Sayville, L. I. The text of the messages was not obtainable.

The Venezuela steamed ten miles south of her usual course in order to avoid capture by any German warships. Her operator was warned not to send any wireless messages.

The British freight steamer Etolion, which left New York yesterday for Antwerp, put back today when about sixty miles east of Sandy Hook. She received word last night of the declaration of war between England and Germany and returned to port rather than risk capture.

The captain reported that about 9:20 last night he sighted what he supposed was a war vessel. He could not make out the vessel's identity in the darkness.

The French liner La Lorraine, bearing more than 700 French revolutionists, left her pier for France shortly before noon today.

FOREIGN STEAMERS ARE FEARFUL OF CAPTURE

Philadelphia, Aug. 5.—The North German Lloyd liner Brandenburg, docked here today after running for the last two days under forced draught and without lights. The Prinz Oskar of the Hamburg-American line also arrived today. Both ships were a day ahead of their schedule.

The Brandenburg sailed from Bremen on July 22 with 350 passengers for Philadelphia and 355 for Galveston. The Prinz Oskar sailed from Hamburg on July 22 with 360 passengers.

It is said by the steamship companies that both liners will remain in this port indefinitely.

There are now twenty-three foreign ships held up at this port and thirty more are due within the next six days.

GERMANS AND AUSTRIANS STRANDED IN PARIS

Paris, Aug. 5.—It is believed that several thousand Germans and Austrians are still in Paris. There were more than 5,000 on the police register before the war broke out and it is thought impossible that all left the city.

Now fewer than 42 Germans of both sexes have been arrested as spies since last Saturday.

German, began to crowd today into the American consulate general here, which has been charged with their interests during the hostilities. By arrangement with the French government, Consul General Thackeray issues to each of them a certificate of identification which must be presented to the police commissary. In exchange the commissary gives him an authorization to depart by train to some town in the west of France where he must remain until the war is over.

Most of the Germans are destitute and the members of the consular staff have provided many of them with money from their own pockets, as no public fund is available for the purpose. One wealthy German family expelled from its flat may have to walk the streets until the day appointed by the authorities for its departure for the west of France.

The French authorities have arranged for the departure of two trains to Boulogne and two to Dieppe for the transportation of passengers desiring to cross the channel. Arrangements also have been made for connecting steamers to meet the trains and carry passengers to Folkestone, New Haven and Southampton.

KING GEORGE SENDS GREETINGS TO FLEETS

London, Aug. 5.—King George today sent the following message to Vice Admiral Sir John Jellicoe, who has been made commander of the British fleet:

"In this grave moment in our national history I send to you and through you to the officers and men of the fleets of which you have assumed command assurances of my confidence that under your direction they will revive and renew the old glories of the royal navy and prove once again the sure shield of Britain and her empire in the hour of trial."

TWENTY-FIVE MILLION FOR TWO BATTLESHIPS

London, Aug. 5.—The British government will pay in the neighborhood of \$25,000,000 for the two Turkish battleships being constructed in English yards and which it has taken over. The one which has been renamed Agincourt is completed. The other Osman, and which will be known in the British navy as the Erin, is nearly completed. They are first-class battleships.

WHEAT PRICES DROP UNDER ENGLISH INFLUENCE

Chicago, Aug. 5.—England's actual entrance into the war was signalled today by a drop of prices in wheat. Opening prices were 4 1/2¢ under last night, with the market tending downward.

After the fall in values had reached 2 1/2¢ a reaction began and the market rallied more than a cent a bushel. The nearby options in wheat were the weakest. Some of the largest houses in the trade were conspicuous on the selling side.

Official Notification of War Published.
London, Aug. 5.—The Gazette, the official newspaper, today published the notification of the state of war existing between Germany and England as well as an order in council signed by the king relating to the merchant vessels of the country with which the British empire is at war.

The order specifies as absolutely contraband arms of all kinds, clothing and harness of a military character and animals suitable for war purposes. Articles specified as contraband are foodstuffs, fuel, harness, telescopes and field glasses.

AMERICAN MALES TO BE SAFELY TRANSFERRED

Washington, Aug. 5.—Postmaster General Burleson announced today that because of the entrance of Great Britain into the general European war, American mails were being transferred to ships of the United States, Sweden and other countries not involved.

BELGIANS REPULSE THE GERMAN LOSSES LIGHT

Brussels, Aug. 5.—(Via London).—The Belgian minister of war in an official statement today said: "The Belgians are successfully combating the German invasion. The Belgian losses are trifling compared with those of the Germans."

GERMANS CAPTURE BELGIAN FRONTIER TOWN

Liege, Belgium, Aug. 5.—The capture of the Belgian frontier town of Vise was effected by German troops after an engagement lasting several hours. It is stated that the victors set fire to the town, killing those of the population who resisted them.

The town of Argenteau is also in flames. One hundred thousand Germans are reported to be marching on Liege.

GERMAN TROOPS ARE CONTINUING MARCH

Brussels, Aug. 5.—The government states that the German troops continuing their march were today in the neighborhood of Fleron, near Liege. They were out of range of the forts and evidently wishing to reach the French department of Meuse, by following the course of the river Meuse.

GERMAN ARMY CORPS ARE INVADING LIEGE

Brussels, Aug. 5.—The Belgian official gazette announces today that the entire Seventh and Tenth German army corps have invaded the Belgian province of Liege and has reached the vicinity of Herve, Pepinster and Remouchamps. The German artillery bombarded some small forts in their advance.

GERMAN AMBASSADOR TO LEAVE LONDON TOMORROW

London, Aug. 5.—The German ambassador to Great Britain is not expected to leave London before tomorrow. It was reported today that a British cruiser might be placed at his disposal to insure his safe passage across the channel.

DRASTIC MEASURES TO KEEP DOWN FOOD PRICES

Vienna, Austria, Aug. 5.—The Austria-Hungarian government today took drastic measures to protect the public against dealers charging exorbitant prices for food. A decree was issued calling on producers, warehousemen and dealers to inform the local authorities as to the stocks in their possession. Any attempt to keep secret the extent of the stocks or to raise prices is to be punished by law.
